Theme: VAGRANCY.

Form: PAINTINGS.

R. O. Lenkiewicz

It is to be understood that these paintings reflect a study of local vagrancy in and around Plymouth between the months of May 1972 till March 1973.

They are related to Melancholy, the 'Dance of Death' and Fool Symbolism. A greater understanding of the collection would be gained by the purchase of the book "Observations on local Vagrancy" by R.O. Lenkiewicz.
